Operating instruction

1. Switch on/off

- Press on/off key for 2 seconds to start the device. The green LED indicator will stay on. Device is now in snapshot mode.
- Press and hold ON/OFF button for about 2 seconds. Green LED indicator will blink 3 times. Device is now in video mode and will record video file instantly.
- To turn off pen, press and hold the on/off button for 2 second. The green LED indicator will blink once and go off.

Note: If device does not turn off within 30 sec from switching mode, the device will turn off automatically.

2. Taking Pictures

In standby mode, press the on/off key. The green light will flash 1 time, take a photo, and save it to TF card successfully.

3. Video Recording

- In standby mode, press the on/off key for 3 seconds. The green LED flashes 3 times, and the device will start to record.
- During video recording, the green light flashes consistently.
- Press on/off key. The video will be saved automatically and the pen will return to standby mode.

4. Data Storage

When the pen is off, unscrew the pen and connect it to your computer using the included USB cable. System will install the device as an USB storage device automatically. You can copy all files from the spy pen to your desktop.

5. Disconnecting from computer

To disconnect pen, please click "SAFELY REMOVE HARDWARE" on the right bottom corner for the task bar. Then "USB mass storage device" to disconnect pen.

6. Charging

Connect to computer USB interface or charger. During charging, the red light flashes. When the battery is fully recharged, the red light stops flashing. Charging may take up to 4 hours.

7. Setting time

Install micro SD card into device,

1. Turn off the camera.
2. Connect to computer.
3. Open the removable disk.
4. Select time documents and open.

To set time display:

The y and N at the end will determine if the display will show time.

"2013.01.01 12.01.01 Y" will display time.

"2013.01.01 12.01.01 N" will not display time.

The above time string shows the time you want to set. Pay attention to the space between Year/Month/Day and Hours Minutes and Seconds.

WARRANTY INFORMATION

The condition of this warranty and our responsibilities under this warranty are as follows:

Supplier's warranty is non-transferable. And this warranty is limited to the original purchaser only.

* You must be able to prove the date of original purchase of the unit with a dated receipt.

* The warranty is not applicable if the product has been subject to physical abuse, improper installation, modification or repair by unauthorized third party.

* The responsibility of supplier's products shall be limited to the repair or replacement of the product as its sole discretion.

* Specifically exempt from any warranty are limited-life consumable components subject to normal wear and tear such as batteries, decorates and other accessories.

* A supplier will not take any responsibility if the failure of the unit has resulted from accident, abuse, misuse, or any unauthorized repair, modification or disassemble.

* Modification and repair of the unit should be done by authorized and qualified service personnel, Center or returned to the manufacturer.

* This warranty gives you specific legal rights, and you may also have other rights which vary under local laws.

The following conditions comprise the requirements and scope of our warranty conditions and do not affect our legal and contractual warranty obligations. We offer a warranty on our products in accordance with the following conditions:

1) Hype™ products are covered by a 12 month warranty. We will resolve damages or defects on Hype™ products free of charge within 12 months of the purchase date under the following warranty conditions. For any damage or defect determined later than 12 months after the purchase date, proof of a manufacturing fault must be submitted for repair under warranty.

2) The warranty does not cover batteries and other parts, which are considered consumables, parts that break easily such as glass or plastic or defects based

on normal wear and tear. There is no warranty obligation in the event of marginal differences compared to the target appearance and workmanship provided these have a negligible effect on the product's fitness for use, in the event of damage caused by chemical or electrochemical effects, by water or generally from abnormal conditions.

3) The warranty will be performed in such a way that we shall decide whether to repair the defective parts or to replace them with working parts free of charge. Hype™ reserves the right to exchange the product for a replacement product of equal value if the product sent in cannot be repaired within a reasonable time or at a reasonable cost. Requests cannot be made for repairs to be carried out on site. Parts that have been replaced or exchanged become our property.

4) The warranty claim does not apply if repairs or other work is carried out by unauthorized persons or if our products are equipped with additional parts or accessories that are not approved for our product.

5) Warranties that have been activated do not cause the warranty period to be extended, nor do they trigger a new warranty period. The warranty period for any replacement parts installed ends with the warranty period for the entire product.

6) Any other further claims are excluded, especially those for replacement due to damage caused to the outside of the product, provided there is no obligatory legal liability. We therefore accept no liability for accidental, indirect or other consequential damage of any kind, which leads to usage restrictions, data loss, and loss of earnings or interruption to business

Asserting a warranty claim:

1) To make use of the warranty service for hardware issues, you must contact the Hype™ Service Center by email at support@dgusa.com

2) Hype™ will try to diagnose and solve your problem. If it is determined that a warranty claim exists, you will be given an RMA number (Return Material Authorization) and will be asked to send the product to Hype™.

IMPORTANT: Hype™ will only accept parcels that have an RMA number.

Please observe the following when sending the product:

- 1) Send the product suitably packaged with carriage and insurance paid. Do not enclose any accessories with the product (cables, chargers, manuals, etc.) unless the Hype™ Service Center specifies otherwise.
- 2) Mark the RMA number on the outside of the package in such a way that it is visible and clearly legible.
- 3) You must enclose a copy of the sales slip as proof of purchase.
- 4) Once Hype™ has received the product, it will meet its warranty obligations in accordance with the warranty conditions and will return the product to the sender with carriage and insurance paid.

Service outside of warranty

Hype™ can refuse any service claim made that is not covered by the warranty.

If Hype™ agrees to provide a service outside the warranty, the customer will be invoiced for all repair and transport costs. Hype™ will not accept any packages that have not first been approved by Hype™ by means of an (Return Material Authorization).

FCC STATEMENT

This equipment has been tested and found to comply with the requirements for a Class B digital device under Part 15 of the Federal Communications Commission (FCC) rules. These requirements are intended to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures.

Re-orient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Do not attempt to repair or modify this equipment.

WARNING: Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment and invalidate the warranty claim.
