

## FOREVER BELT – The No Hole Belt

### Important Notes:

- It is recommended that when trimming the belt that you trim to a longer length than needed. You can always repeat the trim process to attain the perfect length however, you cannot repair the belt if it
- We are not responsible for the belt not fitting due to improper trimming.
- Caution should be used when trimming the belt and should only be done by an adult.

### INSTRUCTIONS:

1. While wearing pants, thread the pointed end of the Forever Belt through your pant's belt loops.
2. Pull the pointed end to a comfortable and appropriate overlap. This is approximately 6 to 8 inches past the center of your pant button.

3. With a pencil, mark the Buckle End over the center of your pant button. **Important:** Make sure you mark the correct end of the belt. It is where the buckle will be mounted... NOT THE POINTED END.
4. Cut the BUCKLE END of the belt in a vertical straight line where your pencil mark was made.
5. Slide the buckle onto the cut end and push the mounted lever down to lock the buckle in place.

### HOW TO ADJUST BELT:

1. Put belt on by sliding it through your pant loops.
2. Take the pointed end and slide it into and through the buckle.
3. Pull on the pointed end until you get the desired fit.

4. To loosen the belt simply lift up on the buckle and push the pointed end back through the buckle.

### CLEANING:

Spot clean only with a soft, damp cloth. Do not submerge in water or use detergent.

**WARNING: Strangulation Hazard.** Keep this belt away from small children as it may pose a risk of strangulation. Never let a child place the belt around their neck.
