BT version: v4.2

Frequency: 2.4GHZ - 2.4835GHZ

Support: ED+HFP+HSP+A2DP+AVRCP

CVC echo and noise cancellation

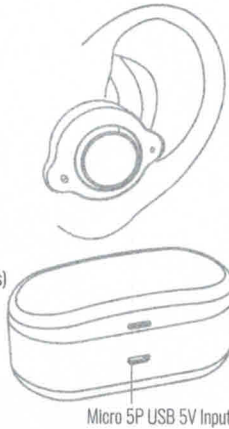

Working distance: up to 32 feet (10 meters)

Battery capacity: 35mAh

Charging case: 400mAh

Battery life: up to 2.5 hours

**HOW TO WEAR:** Insert the earphone into your ear and then adjust the ear-hook so it fits inside your upper ear.

**USING YOUR EARPHONES:**

- Power On/Power Off:** Press and hold the M key for about 3 seconds. When the blue indicator light flashes, the power is on. When the red indicator light flashes, the power is off.
- Single-Use Mode:** 1) Press and hold the M key (on the L or R earphone). When the indicator light flashes red and blue, it means the earphone has entered searching/pairing mode. 2) Turn on Bluetooth on your phone or other device. Search for "TW1" in the list of Bluetooth devices and select it. Once the earphone has paired with your device, the indicator light will flash blue once every 5 seconds. (To use the R earphone in single mode, you'll need to manually to connect it to your phone).
- Stereo (dual earphone) mode:** 1) Press and hold the M key on the L earphone until the red and blue indicator lights flash. 2) Press and hold the M key on the R earphone until the red and blue indicator lights flash. When the earphones are connected, the light on the R earphone will flash blue once every 5 seconds and the light on the L earphone will flash red and blue. (Note: Press and hold the M key on both earphones at the same time to pair the earphones and avoid either one entering Single mode.) 3) Turn on Bluetooth on your phone or other device. Search for "TW1" in the list of Bluetooth devices and select it. 4) After pairing, the L indicator light will flash red once every 5 seconds.
- Play/Pause Music:** After pairing earphones to your device, open the music player on your device. Press the "M" button to play or pause music. (Note: To adjust volume or skip to the next song, use your device.)
- Last Number Callback:** Double-click the "M" button to call the last number in your call history.
- Answer/End Call:** In Stereo (dual earphone) mode, press and hold the "M" button on the left earphone to end the call, or press it quickly to answer the call. In Single mode, press and hold the M button to end a call and press it quickly to answer a call.

**CHARGING YOUR EARPHONES**

- Connect the charging case to a powered device using the USB cable.
- Insert the earphones into the charging case and close the cover securely. The cover must be closed correctly for the earphones to charge.
- The light turns red when the earphones are charging. When charging is completed, the light will turn blue.
- When the battery is low, the voice prompt will let you know it's time to recharge your earphones.

**TROUBLESHOOTING**

PROBLEM	SOLUTION
Earphones won't turn on	Charge the earphones
Earphones aren't charging	Make sure charging case is plugged in to a USB port that has power
No sound comes out of earphones	Check if your phone, iPad or other device is set to MUTE. Try adjusting the volume on your device
Single-use earphone isn't pairing with phone	Make sure the earphone is in searching/pairing mode, and then refresh the Bluetooth device list on your phone in Bluetooth setting
Earphones can't be paired with each other	See below

**IF YOU'RE HAVING TROUBLE GETTING THE LEFT AND RIGHT EARPHONES TO PAIR WITH EACH OTHER:**

- KEEP BOTH EARPHONES ON UNTIL THE RED LIGHT AND THE BLUE LIGHT FLASH ONE AND OFF.
- PRESS THE M BUTTON ONCE AND THE EARPHONES WILL ENTER PAIRING MODE.

ONCE THE EARPHONES HAVE SUCCESSFULLY PAIRED, THE RIGHT EARPHONE INDICATOR LIGHT WILL FLASH BLUE FOR FIVE SECONDS AND THE LEFT EARPHONE LIGHT WILL FLASH RED AND BLUE.

NOTE: IF YOU HAVEN'T USED YOUR EARPHONES FOR A WHILE, FOR BEST RESULTS PLEASE CHARGE THE EARPHONES AND CHARGING CASE ONCE A MONTH.
