

LogGuard Book: Your Password Protector

USER MANUAL

FIRST TIME OPENING:

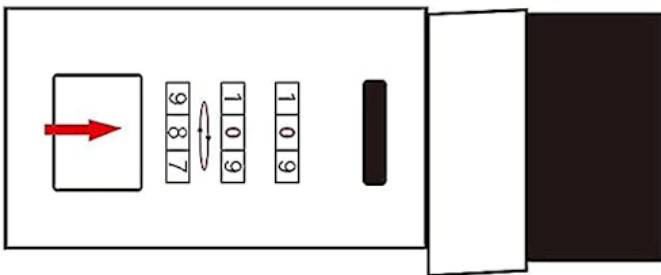

The original password is 000

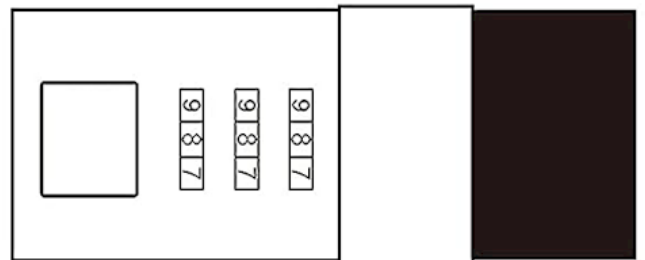

Push the button to the left to open the lock.

HOW TO SET YOUR OWN PASSWORD:

To set your own password, please hold the button to right with the original password(don't release it), rotate the wheels to set a new password.

Release the button after setting a new password. With this, your own password is completed. Please remember your new password.
