**Pairing Your Earphones:**

**To Pair One Earphone with Your Phone (Mono Version):**

1. Press and hold the Multi-Function Button (MFB) of one of the earphones for 3 seconds and release it when the red and blue lights start flashing. This indicates the earphone is in pairing mode.
2. Open the Bluetooth settings of your mobile phone and select the device "GT True wireless." If you're prompted to enter a password, enter 0000.
3. To turn off each earphone: Press and hold the MFB buttons for 3 seconds.

**Charging Your Earphones**

- Charge for your earphones using the special Mini Nokia charging cable included.
- While charging, you'll see the red light. When the earphones are fully charged, the blue light will turn on.

**True Wireless Mode Pairing (Stereo Version):**

1. First, pair both earphones by pressing and holding the Multi-Function Button (MFB) of one earphone for 2 seconds until the red light starts flashing.
2. Next, press and hold the Multi-Function Button on the other earphone for 3 seconds until the red and blue lights flash. At the same time, the blue light of the first earphone will flash and they will be paired and connected automatically.
3. Open the Bluetooth settings of your mobile phone and select the device "GT True wireless." If you're prompted to enter a password, enter 0000.
4. After successfully pairing your mobile phone and your TWS earphones for the first time, next time, simply turn on both earphones (red flashing light, no need to enter pairing mode) and they will connect automatically to your device.
5. To turn off earphones: Press and hold the Multi-Function Button on either of the earphones for 3 seconds and both earphones will turn off.

**Functions**

1. To pause: Press the MFB button once quickly.
2. Answer call: Press the MFB button once quickly.
3. End call: Press the MFB button once quickly.
